Re: 1:11-cv-03743-LGS: Kassman, et al. v. KPMG

Dear Judge Schofield:

On November 15, 2013, KPMG sent a letter to the Court requesting that certain information in the Memorandum in Support of Plaintiffs' Motion for Conditional Certification and related exhibits be restricted from public view. On November 25, 2013, Plaintiffs informed KPMG that they objected to KPMG's proposed redactions, and KPMG responded by stating it is willing to consider Plaintiffs' position.

In light of the fact that the parties are engaged in discussions regarding KPMG's proposed redactions, Plaintiffs respectfully request that the Court provide the parties with time to confer on the issue before ruling on KPMG's proposed redactions.

Thank you for your attention to this matter. Please let us know if there is any other information we can provide.

Respectfully Submitted,

Kate Mueeting
